# GARFIELD INDICATES GOVERNWENT PLANS TO OPERATE THE COAL MINES AT ALL COSTS

# WILSON APPEALS TO SENATORS IO KILL LODGE RESERVA

Lodge Regards Wilson Letter As "Orders" And Urges Opposition in Casting Vote

Urges Defeat of Ratification With Reservations and Passage On Second Vote

Conference is Held to Decide Final Administration Tactics

(By Associated Press.)

Washington, November 19 .- A letter from President Wilson advising administration senators to vote against ratification of the treaty with the Foreign Relations Committee reservations was laid before a conference of the administration Senate forces today by Democratic Leader Hitchcock.

The Committee program, the President wrote, would provide not for ratification, "but rather for the nullification of the treaty."

The conference had been called to decide upon the final administration tactics in the fight for ratification, which is expected to come to an end today or tomorrow.

After the President's letter was read, there were indications that unless a compromise could be effected, the administration senators would line up almost solidly against ratification. In his letter the President said:

ratification. I understand that the republicans to that end. door will probably then be open for a genuine resolution of ratification."

responsibility with the President in modify the preamble reservation had ity leader. making of treaties," said Senator been under serious consideration by

"They will not, in my opinion, obey the orders of the President, who un- had manifested a willingness to indertakes to command the Senate to sert a proviso by which the reservaratify the treaty without the reservations adopted by a large majority of powers by their merely "not objecting the Senate, which Americanized it and to them." made it safe for the United States. What he commands will not, in my judgment, be done."

ing for just a little stock of liquor are tadly disappointed and many dollars to the bad as result of a recent visit to this city of two men with autos well stocked with what was generally supposed to be a good grade of Kentucky

The men worked very quietly and are said to have had a local man to give them a list of the fellows to see who wanted a little corn juce at \$12

a large number of the quarts, it seems "good\*' liquor from a quart bottle. As matter of fact they took the bait, hook, sinker and all and purchased heavily at \$12 per quart. One man purchased three quarts, it seems, and like the fellow who could afford only one quart, sampled the contents of home, only to find that it had no more "kick" than a dead Ford and was ust ordinary tea.

Now the victims are looking for the fellows who sold the tea by giving real liquor for bait.

00 bushels of corn per acre on plots of ten or more acres this year in the ed by the Ohio State University. The vields are based on shelled corn with moisture contents of 20 per cent.

The names and addresses of the armers together with the yields are as follows: L. L. Brown, Rainsboro, Highland Co., 101.42; A. B. Lewis, amestown, Greene County, 105.20; B. H. Puterbaugh of Woodington, Darke County, 100.83; J. D. Woodburn, Urbana, Champaign County, 112.62; L. A. Demorest of Delaware, Deleware County, 107.68; Charles Appel, Lucasville, Scioto County, 102.42; and C. L. Slack, Pleasant Valley, Muskingum

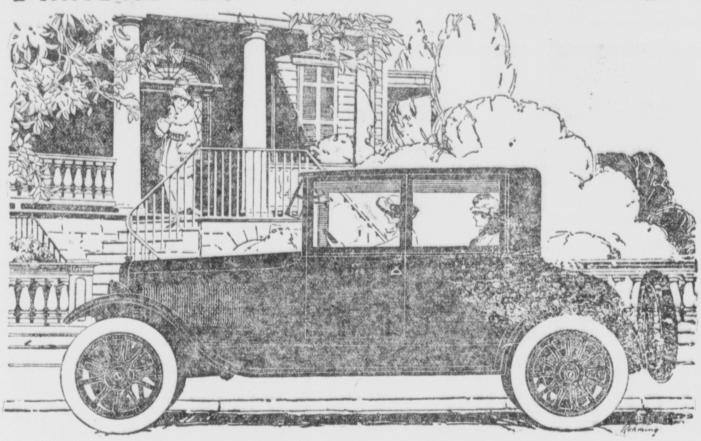

These men will be members of the 100 Bushel Corn Club of Ohio during the Farmers' Week program at Columbus, January 26 to 30.

The yield by Mr. Slack is the high est recorded in the contest since it was started three years ago. The purpose of the contest is to promote the average corn yield in the state. -O. S. U. Bulletin.

800 to 900 lbs.

Common to fair.. \$ 7.25 to \$ 8.50 Fair to good .... 8.50 to 10.00 Good to choice.. 10.00 to 11.00 900 to 1,000 lbs. Common to fair.. \$ 8.25 to \$ 9.25

Fair to good..... 9.25 to 10.50 Good to choice.. 10.50 to 11.50 Choice to prime, 1000 to 1,100 lbs. Strong fleshed feeders, \$11.50 to \$12.00. Yearlings on the fancy order, around \$10.25 to \$10.50.

The receipts of cattle at this market for the first two days of this week were approximately 64,000, being a very heavy supply. Best fat cattle sold about steady, with the best on sale selling at \$19.25 on Monday. All other kinds of fat cattle were a little lower.

Receipts included another big run of stockers and feeders with market about 25 cents lower on all kinds. This puts prices back to about the same level as week before last and at the low point of the season. Quality is coming good with a big supply in all the beef breeds and in all weight and all grades of quality.

Rarely has opportunity ever been offered on any market equal to the chance now given at Chicago to visiting cattle buyers to secure any class of cattle wanted in such uniformity and at such reasonable prices, in view of the current prices for fat cattle. Heavy receipts are expected all week and we would advise the purchase of these cattle at once while the season for heavy receipts of this class of cattle is still on. Let us show you our big supply and fine

Very truly yours,

JOHN J. LAWLER.

# LEG BROKEN

When he attempted to board a moving train at the Union Station, Tuesday evening, Fred Worrell, 29. of west Southern Ave., Springfield, Ohio. had his left leg broken between the knee and the ankle. Worrell was trying to board the train for Xenia when it had started to pull out. He was thrown to the ground.

The young man was removed to the Fayette Hospital where the fractured limb was set. He will remain until able to go to his home. Worrell formerly resided at Bloomingburg.

limbs and feet. Tells about it below

"How easily one may strengthen and tone up thir system until nature bus, November 21st, at the Southern can throw off such troubles even after years of torment is told below by a be easily verified by the skeptical. Mrs. Margaret Liniman, 129 N. Princeton Ave., said:

> "My husband has been troubled with kidney trouble for fifteen years. He became so bad he had to give up work not long ago, but since taking this grand medicine called Earle's Hypo-Cod he has gone back to work and I'll tell you about it," she declared.

"His kidneys were very weak and forced him to get up often at night. His limbs and feet would become swollen and he could hardly walk at times. He wouldn't rest good nights and had finally become all rundown. His appetite was poor and even what he did eat would form gas and cause him discomfort. He was so weak and nervous in spite of all the medicine ne took for years that finally he gave up work, but since taking Earle'e Hypo-Cod he is better in every way and back to work. He has a good appetite and nothing disagrees with his stomach at all. His kidneys are so much stronger he never gets up nights and sleeps just fine. The swelling in his limbs disappear and it really did such marvelous things for him I started to the it as a tonic and for tharrhal trouble I had in my throat and it relieved me too, so I can't praise it enough," continued Mrs. Liniman whose husband is with the American Railway Express Co., in

## Momentous Developments

Tuesday was a day filled with momentous developments for the people of the United States and for the nation itself.

They were prospective, yet the probability of their occurrence was so great that only the unexpected could prevent them coming to pass.

First in importance, as affecting the life of the nation itself, was the sudden change of front in the fight on the peace treaty in the Senate.

Just when the prospect for ratification of the treaty seemed blocked the mild reservationist republican senatory announced that they had concluded to uphold Vice President Marshall's ruling that a second submission of the treaty on a motion for ratification could be made after a motion for the ratification of the treaty, embodying the reservations recommended by the Foreign Relations Committee, had been defeated.

The effect of that determination on the part of the mild reservationist republicans was that the democrats in the Senate must, in the first instance, vote against gatification of the treaty containing the radical reservations and the republican senators must then vote against ratification of the treaty without the reservations.

The partisan republicans, while commanding enough votes to put through all reservations by a majority vote, were lacking the two-thirds necessary to put through ratification without the votes of democratic senators.

Uncompromisingly the groups of senators approached This date 1918 highest the end of the long fight. The treaty seemed doomed to certain defeat because neither partisan line-up could command the necessary two-thirds vote. All avenues seemed

It remained for the independent republican senators to find the way out of the labyrinth in which the Senate was wandering. Their determination to support the ruling of Vice President Marshall was the key which opened wide the door to a compromise and Senator Hitchcock and Senator Lodge were not long in conferring upon a plan for compromise which practically assured a final vote, and that a vote of ratification, on the peace treaty on Thursday.

Too much credit cannot be given those determined, | Electric Shoe Shop 135 N. Main St. sincere and patriotic independent republican senators who, from the beginning of the long and bitter fight have kept their ideals above petty strife and maintained the broader vision. They have won a victory which will write their names on the honor roll of the nation's great servants who, in time of need, proved equal to the demand.

The treaty will carry reservations, interpretative and explanatory, as perhaps it should, and which certainly will! do no harm. The vote of ratification will end the long fight. The Lodge reservation and all others which would have required delay, resubmission and involved a grave danger are to be defeaed according to the present program.

It is the duty of Senator Lodge and Senator Hitchcock and their respective adherents to agree upon the mild reservations which the independent republican senators and the majority of the people of the nation want.

The way is open as it has been all along the tedious months of strife, but the master key only passed to the independents when Vice President Marshall announced his ruling in favor of a second submission.

The other momentous development of Tuesday was the threatened tie-up of all non-essential industries of the country and a partial paralysis of the transportation facilities in the effort to make the dwindling supply of coal keep the pulse fluttering in the vital trade of the nation.

We cannot believe that a government which has proved so capable in time of greater stress will resort to such methods because of the refusal of the soft coal miners to return to work. However, our recollection of Dr. Garfield's work as fuel administrator during the war is not encouraging.

With Congress in session and with the various states authorized to act, legislation could be easily enacted to meet the crisis, the mines could be seized, protected and operated by a mobilized man power from the majority of the people who would quickly and willingly meet the need.

It seems wholly unnecessary to shut up shop because a few radical leaders have misled a very small minority of the workers of the land.

It seems much more American to go out two handed with fists doubled up and meet conditions and master

The policy of weakening and retrenching does not meet with the approval of real Americans whose code carry no such word as "can't."

It is difficult to believe that the fuel administration will insist on a policy so weak as that one of retrenchment and voluntary industrial paralysis announced as a probable development on Tuesday.

# Our Profit from all Sources

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story-that there are hidden profits.

## Here Are The Facts:

Our not profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

- 1. Included profits from hides and all other by-products.
- 2. Included profits from all sundry side-lines.
- 3. Included profits on all subsidiary corporations.
- 4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business-write us-and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

If you get the facts we have no doubt as to the verdict.

Use Red Cross Christmas Seals

## Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?-The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, d he uses only genuine parts because he knows the immitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repair-from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable, standard Ford prices.

Now, we are Authorized Ford Dealers-a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equipped to render prompt, careful Ford service. Drive in or 'phone and we'll come after your car.

## WE ANNOUNCE-

The opening of our Complete Storage Battery Service Station and Electrical Repair Shop. Few motorists realize that the Storage Battery is the heart of their car, and that it must be in A-I condition to get best service. On the other hand few recognize the fact that you may have the best battery built, but if your starting motor or generator is not working properly, using excessive current or failing to keep battery recharged, the battery cannot rightfully be expected to do its work properly.

The season of the year is here when batteries are most abused. Short days mean excessive use of lights. Cold motors mean heavy current consumption

Be wise. Give your battery its deserved chance. Bring it to us and get the benefit of Expert Advice.

Repairs on all makes of storage batteries and electrical equipment by a fully qualified expert. Work guaranteed. One trial will convince you.

# BUSINESS MEN

Will Incorporate and Bring Effective Credit Bureau Up to the Minute.

Any Business or Professional Man in County Can Become Stockholder.

M. E. Hitchcock, organizer and owner of the Fayette Credit Bureau. one of the best credit bureaus in Ohio, has disposed of the busines to the business and professional men of the city, who will incorporate The Fayette Credit Bureau Company, forming a stock company with capitalization of \$5000 with stock at \$10 per share and membership limited to business and professional men of Washington and Fayette county.

The first meeting at which formal organization probably will be made. will be held Monday night of next

For the past three years, because of his time being occupied as manager of The Ortman Motor Company, Mr. Hitchcock has been unable to devote the time to the business that it should have, and as a result the Bureau has been moving along without effort to increase its membership. and with Miss Anna Passmore as of-

The value of the bureau has long since been realized by the business and professional men because of the fact that it has kept credits on a high plane and been the means of saving the business interests thousands of dollars annually.

The system as organized by Mr. Hitchcock represents one of the best in existence and has proven very effeetive, reflecting due credit upon the organizer.

Application for a charter has been made by Attorney E. L. Bush, who gas designated by the committee on

Miss Passmore will continue in the capacity of office manager, and a field manager will be employed as

## POULTRY PAYS

Consider the case of Petaluma.

Petaluma. a city of 6,000 is the richest city per capita, in the world.

It has five busy banks with total resources of \$10,185,739.24. Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year. Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop see it through.

sent needs, while surrounding cities are wondering just how long they will have any coal at all.

DON'T DISREGARD A COLD A neglected cold may develop into and pneumonia that swept the country Due to the foresight of the local a year ago were preceded by an epidemic of colds. Foley's Honey and

poor condition for the winter and the outlook for comfortable winter travel is not very promising. The

"The continued rains of late Ccto ber brought about conditions on some of the roads of the county that will make them poor indeed for the beginthe county are in bad condition, owing to the excessive rains, and they say that there are some places on the main road from Wilmington to Highland that are very bad. It is planned perhaps, to apply stone to these places before winter sets in as sec tions of the road closer to Wilmingon have been treated in this way."

Taken almost as a unit, Fayette county roads are in a very good con uition for the winter travel. The heavy rains of the past few weeks did not affect the highways to any marked degree and the outlook for solid traveling during the winter is bright, particularly if frequent use is made of the road drag or grader.

# **BLOOMINGBURG IS**

ball season for the Y. M. C. A. team In order not to make the first contest too hard a game Manager Hays has scheduled Bloomingburg. The game will be played on the "Y" court.

Regular practice is being held on Wednesday evenings and in addition the men out for the triangle squad are attending the Monday and Friday ew ening gym classes to get in shape for the season.

## FINE FOR RHEUMATISM Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you coperience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rhet:matism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

# "What makes the Gallons so Big these days?"

It surely isn't the four little quarts! Every gallon has always had them. But gallons are measured in miles these days-at least when they're gallons of gasoline. And-you get a flock of miles per gallon when you use

# Columbus Gasoline

It's really good gasoline because it's good real gasoline

There's no especial trick in making it. Just take the highest-grade crude oil obtainable from the best wells and distill it.

The first thing anybody gets in distilling that sort of petroleum is highest-grade gasoline. And that's what we get. As soon as we get it we send it away and sell it to you, through any garage.

We used to call Columbus, White Rock,

because it surely does last, but we've changed to Columbus to indicate lasting quality, right combustion and value-all three.

Columbus is nothing but honest to goodness gasoline and gasoline only.

That's why it makes the gallons so big, and makes your gas tank hold more miles than you ever thought it could hold.
